

Volunteer Handbook

Everything a new volunteer needs to know

Welcome

Thank you for offering your time. This handbook explains how our camps and distributions run, and what we expect of every volunteer.

Before a camp

Report to the site coordinator thirty minutes before opening. Collect your identification tag and duty allocation sheet.

Safeguarding

Volunteers must never be alone with a child or vulnerable adult. Report any concern to the coordinator immediately.

Handling donations

Never accept cash directly. Direct all donors to the treasurer's desk where an official receipt is issued.

Photography consent

Ask before photographing beneficiaries. Written consent is required for any image used on the website or social media.

Reimbursement

Travel costs are reimbursed on production of receipts within 14 days.
